Blake Larson

Software Engineer - Santa Rosa, CA

SUMMARY

Creative, detail-oriented, software engineer passionate about UI and U. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a company that provides solutions for people around the world.

WORK EXPERIENCE

Software Engineer at 100Devs

January 2021 — Present

- Collaborated with a team of developers to build modern and responsive web applications using tools like Next.js and TypeScript
- Built semantically structured full-stack web applications, including internal tools and APIs
- Applied Agile methodologies like SCRUM for project management to successfully manage projects and development teams

Recent Projects

Lesson Maestro (Fullstack TypeScript & Next.js Web App) – A production quality web application currently serving a community of music teachers to help manage their lessons, students, and music. Implements full type-safety through TypeScript, tRPC, and Prisma.

Inventory Demo App (Fullstack Next.js Web App) – A demo internal inventory tool that allows the user to utilize full CRUD operations using Next.js and a PostgreSQL database. Built using React best practices to efficiently manage inventory.

Client Website for Karissa DeRousseau – A website built with HTML, CSS, Bootstrap, and JS. Serves as the online presence for Dr. DeRousseau, and has increased client interest by 70%.

Web Developer | Blake Larson Web Development

June 2020 — Present

- Created full-stack web applications and static websites for clients across small and medium-sized businesses
- Assessed client goals to design and deliver well-crafted products
- Regularly used HTML5 & CSS with JavaScript MERN tech stack (MongoDB, Express.js, React.js, Node.js) to solve client needs

Private Voice and Piano Teacher

May 2018 — December 2021

- Developed my business by creating business operations and organizing student information, repertoire, lesson scheduling, payment, and performances.
- Analyzed student skill sets and interpreted goals to design and execute a tailored lesson plan.

Freelance Real Estate Transaction Coordinator

January 2020 — September 2021

- Increased sales over 50% for my agents by orchestrating efficient organization processes.
- Created a web app to efficiently intake and input new contract data to the brokerage system, allowing me to manage 80 documents with real estate professionals through clear and cordial communications.
