Relevant Experience

Software Engineer II · **Age of Learning** May 2023 — Present

- Deeply collaborated with a marketing team focused on rapid, iterative testing of new customer acquisition strategies through user flows and web page designs.
- Extensively contributed to transitioning our code base from an unmaintained in-house framework to Svelte.js.
- Developed internal tools and documentation that help optimize the production workflow for developers, QA, and product managers.

Software Engineer · **100Devs** Jan 2021 — May 2023

- Collaborated with a team of developers to build modern and responsive web applications using tools like Next.js and TypeScript
- Built semantically structured full-stack web applications, including internal tools and APIs
- Applied Agile methodologies like SCRUM for project management to successfully manage projects and development teams

Web Developer · **Freelance Dev** June 2020 — May 2023

- Created full-stack web applications and static websites for clients across small and medium-sized businesses
- Assessed client goals to design and deliver well-crafted products
- Regularly used HTML5 & CSS with JavaScript MERN tech stack (MongoDB, Express.js, React.js, Node.js) to solve client needs

Selected Projects

Sewing Calculator

A tool to help you calculate the amount of fabric you need for your sewing projects. I plan to add additional features and implement a backend to store your projects and calculations.

Marshall Middle School

A website for the Marshall Middle School Vocal Music program. I was the lead developer for this project and was responsible for the development, and deployment of the website.

Skills

Programming Languages

JavaScript (ES2015+), TypeScript, HTML, CSS, PHP, SQL

Libraries & Frameworks

Svelte, SvelteKit, React, Next.js, Node.js, Tailwind CSS

Tools & Platforms

Git, GitHub, GitLab, Netlify, Vercel, Heroku, Docker, Webpack, Figma, WebDriverIO

Education

CSU, Long Beach

Bachelor of Arts in Vocal Performance & Choral Music Education

Interests

Web accessibility, rock climbing, snowboarding, science fiction & fantasy novels, The Legend of Zelda: Breath of the Wild & Tears of the Kingdom
